

A diagram of a green L-shaped polygon. A horizontal dimension line at the top indicates a width of 50 units. The polygon has a small rectangular notch on its right side.

This diagram shows a template for a piece of lined paper. It features a large central rectangle with rounded corners, intended for a drawing. Above and below this central area are two horizontal sections, each containing a single line, representing the ruled lines on the paper. The entire template is enclosed in a double-line border.

A diagram of a rectangular container. The bottom portion is filled with a solid blue color, representing a liquid. The top portion is white, representing the headspace. A thin black line separates the blue liquid from the white headspace.

Technical drawing of the back of the table, showing dimensions 105 and 86.

A technical line drawing of a rectangular box with a lid, shown from an isometric perspective. The box has a lid with a raised edge and a small rectangular feature on its front face. The interior of the box is visible, showing a flat bottom and vertical sides. The drawing is composed of clean, black lines on a white background.

Technical drawing of the back of the table. The overall width is 105 and the height is 86. The drawing shows the back panel with various connection points and components. At the top, there are two small rectangular components. In the center, there are two small rectangular components. At the bottom, there are two small rectangular components. On the left and right sides, there are circular components with a triangle inside, and rectangular components with a triangle inside. The drawing is a top-down view of the back of the table.

A diagram of a rectangular sign with a green background and a black border. The sign has rounded corners. Dimension lines indicate a width of 96 and a height of 51.
